REVIEW

The 2021 Château De Malleret is a touch wild and gamey, but it brings plenty of ripe black fruit, medium-bodied richness, and solid length on the finish. It opens up nicely with air and will integrate its oak with a year or two of bottle age and should drink nicely through 2032.

REVIEW

The 2021 Château De Malleret Blanc has a beautiful sense of clean reduction in its bright lemon and lime-driven profile, and it's medium-bodied, with a vibrant, focused texture, nicely integrated acidity, and a great finish. I would happily buy and drink a bottle.
